- Recipient of the Henrik Göransson Sandviken scholarship, 2022
- Winner of the SSSB staircase art contest, 2022
- Exhibitor at Liljevalchs Art Gallery, 2015

EXPERIENCE

Coding Instructor

Hello World! | Oct 2022-

At Hello World, I teach JavaScript, HTML/CSS, Scratch and Imagi to kids and teenagers of ages 8-16 at after-school programs.

Teaching Assistant

KTH Royal Institute of Technology | Aug 2022-

In my part-time role as a teaching assistant, I held help sessions and graded student submissions in the course DM1595 Program Development for Interactive Media. I also created questions on object-oriented programming for the interactive online course book.

Research Assistant

KTH Royal Institute of Technology | Apr 2022 - May 2022

I was part of conducting a study where my responsibility was to chart course and learning activities at KTH with relation to accessibility. The project resulted in an article which was published in EDULEARN22 Proceedings, for which I am the first author. The abstract can be found here: library.iated.org/view/SNARBERG2022PRE

Postal Worker

Postnord | Sep 2017 - Aug 2022

I worked full-time at PostNord between 2017 and 2019, with minor breaks for travelling. Since the start of my studies at KTH, I have returned to PostNord during the summers. Tasks included sorting mail and distributing it by car to companies and households.

Editor-in-Chief

KTH Royal Institute of Technology | Jul 2021 - Sep 2021

Participated in the Media Technology Chapter's reception of new students. My main role was editor-in-chief of the reception's weekly magazine.
